Accurately blend your stock on outload

Automatically update contracts as you deliver

Xero integration (coming end 2020)

Automate your Chain of Responsibility obligations

Load and unload any truck anywhere at the touch of a button

Receive live notifications for every action that occurs

## TESTIMONIALS

“With AgriChain I now get full visibility of our stock, which ensures I make the best marketing decisions.”

**Leeton Ryan**  
*Northern Victoria*

“The industry has needed a solution like this for years. AgriChain is solving some of the biggest problems we deal with as grain farmers.”

**Greg Rae**  
*Southern New South Wales*

“I use AgriChain to manage my entire trucking operation, I don't know how we ever managed our fleet without it.”

**Tyson Vivian**  
*Southern Victoria*

## PARTNERS AND SUPPORTERS

**Put the power of a bulk handler in your hands!**

From grain to grapes, growers are increasing their bottom line with transparent and trackable products, reducing risk and increasing sales with technology-powered trust.

Learn more about how you can boost your bottom line with AgriChain.
